

Painless Android Migration

Simplify your app development and Zebra deployment with BlueFletch.

Making the switch to Android doesn't have to be stressful or complicated. At BlueFletch, we'll help you migrate to modern Zebra Android devices, consolidate key mobile functions, and deliver it all in a secure interface that's incredibly easy to use—right out of the box.

Deliver the Ultimate Android Experience with BlueFletch EMS

Better User Experience and Security

Our flexible and customizable Enterprise Launcher helps you bring together scanning, communications, and all your business-critical functionality in an amazingly simple and highly secure Zebra Android interface.

- Single Sign-On + NFC Badge Authentication
- Support for LDAP, Google Sign, and Office 365
- Smart Scan Item Lookups & Bluetooth Pairing
- Centralized Notifications
- Home Screen Search
- Lock-Down Security with Granular Control

Simpler Mobility Management

BlueFletch's Playbook is the only MDM solution developed specifically for Zebra rugged Android devices. It offers a simpler and more efficient way to manage, configure, and update your devices.

- Configure Devices with Executable 'Plays' and 'Playbooks'
- Add Individual Plays to Specific Devices
- Easily Deploy Full Playbooks to a Location, Site, or Store
- Save Hours in Deployment with Our Efficient GO App

Complete Device and App Visibility

Our Support Analytics give you a complete picture of your entire organization, including application metrics, device usage, battery performance, security, network performance, and troubleshooting.

- Cloud Dashboard for Complete Data, Analytics, and Reports
- Support Application for Device, System, App, and Network Visibility
- Mobile Agent to Collect and Log User, App, and Device Data

Innovators and Problem-Solvers

Since 2008, BlueFletch's team of passionate designers, managers, analysts, developers, and QA engineers has helped solve the toughest business problems with proven tools and processes.

Software Solutions

We offer a complete set of tools for successful Zebra Android deployments, developed from more than a decade of hands-on experience.

Proof of Concepts

Our enterprise experience, fast-paced style, and passion for solving interesting mobile problems will help you move quickly on your mobile concept and Zebra Android technology.

Mobile Tech Architecture

You can leverage our experience to help define the right mobile technology strategy for your enterprise across a variety of technology landscapes and solutions.

Complete Solution Delivery

We can supercharge your next mobile engagement with world-class, end-to-end solution delivery, including development, infrastructure, cloud services, integration, and support.

Technology Expertise You Can Trust

We offer a focused set of services for a variety of businesses—from funded startups to Fortune 500s. Here are just a few of the many companies we've helped with our enterprise mobility services:

Home Depot, Coca-Cola, Kohl's, Accenture, Delta, Kawasaki, Floor & Décor, Kimberly-Clark

Zebra Mobile Solutions

As a Zebra partner, we focus on helping companies realize the full benefits of cutting-edge Zebra mobile technologies. But we also understand how to successfully integrate the latest Android mobile computers with operational and legacy systems to deliver solutions your end users will love.

The Secret of Getting Ahead is Getting Started

Want to move your Android migration forward? Need help upgrading from Windows and legacy systems to modern Zebra Android mobility? Contact us now to get moving in the right direction.
