Licensee shall use the Licensed Program and Documentation only under the terms and conditions described in this Agreement unless otherwise permitted by BlueFletch.

Licensee shall have the right to move, substitute, upgrade, increase the capacity of, virtualize, or add equipment on which the Licensed Program is installed without incurring any additional fees or charges outside of the fees or charges described in this Agreement or the exhibits attached hereto.

Licensee shall have the right to move, substitute or add Licensee Sites without incurring any additional fees or charges outside of the fees or charges described in this Agreement or the exhibits attached hereto.

Exhibits documenting the change in license and associated maintenance fees, including carry forward if any, will be provided as appropriate. Ownership

The parties acknowledge and agree that:

The Licensed Program(s) and any changes to the Source Code of the Licensed Program(s) are the exclusive property of BlueFletch, and not Licensee.

BlueFletch shall issue licenses to the Licensee within three (3) days of receipt of payment of a respective invoice(s) for the License Fees. BlueFletch will have no obligation to issue licenses to the Licensee until payment is received by BlueFletch from or on behalf of the Licensee.

Other Fees

No costs or expenses shall be due and payable by Licensee unless made a part of this Agreement. Any agreed upon reimbursement by Licensee for BlueFletch's reasonable and pre-approved travel or transportation expenses shall be subject to and made only in accordance with Licensee's then current standard travel and expense guidelines, as such guidelines may be amended from time to time by Licensee in Licensee's sole and absolute discretion. All invoices shall be sent to Licensee's address set forth above.

DELIVERY AND INSTALLATION

Delivery

TERM AND TERMINATION

Term

The term of this Agreement shall commence as of the Effective Date of this Agreement and shall continue unless terminated earlier in accordance with the termination provisions herein. Notwithstanding the foregoing, this Agreement shall be renewed automatically for succeeding terms equal to the License Term unless this Agreement is earlier terminated in accordance with the termination provisions herein. For the sake of clarity, this provision indicates that this Agreement shall be in effect for so long as Licensee uses the Licensed Programs, but Licensee's license(s) shall not be automatically renewed.

Termination for Cause

A Party shall be in default under this Agreement upon the occurrence of one or more of the following events:

- Failure of said Party to timely perform or fully satisfy any material obligation or condition under this Agreement.

If said Party:

- is dissolved (other than pursuant to a consolidation, merger or amalgamation),
- becomes insolvent or is unable to pay its debts as they become due or admits its inability generally to pay its debts as they become due,
- makes a general assignment, arrangement or composition with or for the benefit of its creditors;
- institutes or has instituted against it a proceeding or petition for insolvency or bankruptcy or the winding up or liquidation of its business or
- seeks or becomes subject to the appointment of a receiver, trustee or other similar official for it or for all or substantially all of its assets.

In the event a Party defaults under this Agreement, and does not cure such default within thirty (30) days after receipt of written notice of such default, the non-defaulting Party may terminate this Agreement, any attachment hereto, or any

portion thereof. Notwithstanding anything in this Agreement to the contrary, Licensee shall have the right to obtain any services provided by BlueFletch under this agreement from a third party during any cure period under this Agreement.

The rights provided to the non-defaulting Party under this Section are not intended to constitute an election of remedies and, except as provided otherwise herein, the non-defaulting Party shall have such remedies as are available to it in law or equity.

Effect of Termination

Notwithstanding termination of this Agreement for any reason:

- all licenses granted pursuant to this Agreement shall survive and remain in full force and effect through the remainder of the term of the Licenses as specified in the Licensed Programs Exhibits attached hereto.
- BlueFletch shall continue to perform its obligations under the Support Exhibit for the remaining Support Period. In the event BlueFletch terminates this Agreement due to Technology Incompatibility (as defined below), BlueFletch shall be obligated to provide support only for so long as technically feasible.
- Licensee shall have the right to obtain any services provided by BlueFletch under this agreement from a third party during any cure period under this Agreement.
- Upon expiration or termination of this Agreement for any reason (in either case, the "**Termination Date**"), BlueFletch shall, in each case at its sole cost and expense, (i) promptly deliver to Licensee, any documents, data, know-how, methodologies, software and other materials provided to BlueFletch by Licensee or by any third party at the direction of Licensee in connection with this Agreement (collectively, "**Licensee Materials**"), (ii) promptly remove any BlueFletch equipment located at Licensee Sites.
- No later than the Termination Date, each party shall, at its sole cost and expense, (i) securely return to the other party all documents and tangible materials (and any copies) containing, reflecting, incorporating or based on the other party's Confidential Information (as defined below) in form and substance directed by the Disclosing Party (as defined below), (ii) permanently and securely erase all or any part of the other party's Confidential Information from its, and in the case of BlueFletch its employees, agents, subcontractor's, data processor's or cloud service provider's computer systems, and, (iii) upon request, certify in writing to the other party that it has complied with the requirements of this clause.
- In no event shall Licensee be liable for any BlueFletch termination costs arising from the expiration or termination of this Agreement.

Termination for Technology Incompatibility

In the event Licensee changes its hardware, software, servers or other technical infrastructure (collectively, "Technology") such that its Technology is no longer compatible with BlueFletch software (despite reasonable attempts by the Parties to resolve such incompatibility), BlueFletch shall have the right to terminate this agreement upon written notice to Licensee.

Termination by Parties for Convenience

In addition, either Party shall have the absolute right to terminate this Agreement at any time, with or without cause, upon not less than thirty (30) days advance written notice to the other Party.

TITLE AND INDEMNITY

Title Warranty

BlueFletch represents and warrants that BlueFletch (i) maintains all necessary licenses and consents to perform and provide the Licensed Program and Documentation hereunder; (ii) owns and shall continue to own all right, title and interest in and to the Licensed Program and Documentation; and (iii) that BlueFletch has and shall continue to have full authority to enter into this Agreement and perform BlueFletch's obligations in this Agreement. BlueFletch further represents and warrants that it has the right to grant licenses to the Licensed Program and Documentation and all other components thereof, including all rights, authorizations, consents and/or licenses necessary to incorporate any third party intellectual property rights into the Licensed Program and Documentation, and such shall be granted to Licensee free of all claims, liens, encumbrances and other restrictions and without otherwise violating the rights of any third party.

Indemnity

BlueFletch ("**Licensor Indemnifying Party**") shall defend, indemnify and hold harmless Licensee, Licensee's affiliates, and the officers, directors, employees, agents, successors and permitted assigns of Licensee and Licensee's affiliates (each, a "**Licensee Indemnitee**") from and against all Losses (as that term is defined herein) arising out of or resulting from any third party demand, allegation, claim, suit, action or proceeding (each, an "**Action**") arising from, asserted to arise from, or related in any way to (i) breach or alleged breach of confidentiality, (ii) breach or alleged breach of any representations or warranties, (iii) violation (including any alleged violations) of any rule or law in the performance of

the Services, including any violation of applicable anti-corruption laws, (iv) damages to real or tangible personal property and/or bodily injury or death to any person arising out of or in connection with this Agreement except to the extent that such damages, injury or death were caused by the negligence or willful misconduct of the Licensee and/or (v) any proceeding brought against the Licensee or its Agents for any violation of legally protected rights of any third parties, including but not limited to, patents, copyright, trade secret, unfair competition, or any and all other Claims arising out of the assignment of or use of the Licensed Program by Licensee, of the Services and/or any other information furnished by or created by BlueFletch in connection to this Agreement.

BlueFletch shall indemnify, defend, and hold Licensee Indemnitees harmless against all Losses arising out of any demand, allegation, claim, suit, action or proceeding, to the extent such demand, allegation, claim, suit action, or proceeding is based upon or alleges a claim that the Licensed Program or Documentation infringes upon or violates any patent, copyright, trademark, trade secret, intellectual property right or proprietary information of any third party.

Licensee ("**Licensee Indemnifying Party**") shall defend, indemnify, and hold harmless Licensor, Licensor's affiliates, and the officers, directors, employees, agents, successors and permitted assigns of Licensor and Licensor's affiliates (each, a "**Licensor Indemnitee**") from any and all Losses arising out of or resulting from any Action arising from, or related in any way to Licensee's (i) negligence or willful misconduct; or (ii) use of the Licensed Program or Documentation in a manner not authorized or contemplated by this Agreement; (iii) use of the Licensed Program in combination with data, software, hardware, equipment or technology not provided by Licensor or authorized by Licensor in writing; (iv) modifications to the Licensed Program not made by Licensor; or (v) use of any version other than the most current version of the Licensed Program or Documentation delivered to Licensee.

For purposes of this section, "Licensor Indemnifying Party" and "Licensee Indemnifying Party" may each be referred to as "Indemnifying Party" and "Licensor Indemnitee" and "Licensee Indemnitee" may each be referred to as "Indemnitee."

The applicable Indemnitee shall promptly notify the applicable Indemnifying Party in writing of any Action and cooperate with the Indemnifying Party at the Indemnifying Party's sole cost and expense. The Indemnifying Party shall immediately take control of the defense and investigation of such Action and shall employ counsel reasonably acceptable to the Indemnitee to handle and defend the same, at the Indemnifying Party's sole cost and expense. In the event that the Indemnifying Party advises the Indemnitee that it will contest the Indemnitee's claim for indemnification hereunder, or fails, within ten (10) days of receipt of any indemnification notice to notify the Indemnitee in writing of its election to defend, settle or compromise the applicable Action (or discontinues its defense at any time after it commences such defense), then the Indemnitee may, at its option, defend, settle or otherwise compromise or pay such Action, and unless and until the Indemnifying Party elects in writing to assume and does so assume the defense of any such Action, the Indemnitee's costs and expenses arising out of the defense, settlement or compromise of any such Action, including the settlement amount itself, shall be deemed Losses subject to indemnification hereunder. Notwithstanding Indemnifying Party's right to direct the defense against any Action, the Indemnifying Party shall not have the right to compromise or enter into an agreement settling any Action that imposes liability or obligations on the Indemnitee without the prior written consent of the Indemnitee. Notwithstanding the foregoing, the Indemnifying Party may, upon prior written notice to and consultation with, the Indemnitee, compromise or enter into a settlement agreement that involves solely the payment of money by the Indemnifying Party, provided such settlement includes a complete, unconditional, irrevocable release of the Indemnitee with respect to such Action. The Indemnitee's failure to perform any obligations under this Section shall not relieve the Indemnifying Party of its obligations hereunder except to the extent that the Indemnifying Party can demonstrate that it has been materially prejudiced as a result of such failure. The Indemnitee may participate in and observe the proceedings at its own cost and expense. The Indemnifying Party's obligations to defend, indemnify and hold harmless the Indemnitee from and against all Losses as provided for hereunder will apply regardless of whether such Losses are caused in part by the Indemnitee, provided that the Indemnitee is not the sole cause of such Losses. For purposes of this Agreement, "**Losses**" mean all losses, damages, liabilities, deficiencies, actions, judgments, interest, awards, penalties, fines, costs or expenses of whatever kind, including reasonable attorneys' fees and the cost of enforcing any right to indemnification hereunder and the cost of pursuing any insurance providers.

REPRESENTATIONS AND WARRANTIES

Performance

BlueFletch represents and warrants that:

- The Licensed Program, as delivered to Licensee hereunder, shall meet the specifications set forth in the Licensed Program Exhibit and the Documentation, without the need for customization or modification, or the delivery of any additional Services;
- To the extent that the information provided to BlueFletch by Licensee is accurate, complete, and up-to-date, the Licensed Program shall be compatible with Licensee's existing data files, business information, and systems, such that significant additional applications, systems software, or interfaces shall not be required to be produced or procured in order to complete the implementation of the Licensed Program; and

- The Licensed Program shall be free of any critical defect in material of the media in which the Licensed Program is delivered.

Viruses and Malware

BlueFletch further represents and warrants that:

The Licensed Program does not and shall not contain Viruses or Malware. If BlueFletch incorporates into the Licensed Program programs or routines supplied by other vendors, licensors, or contractors, BlueFletch shall obtain comparable warranties from such providers or BlueFletch shall take appropriate action to ensure that such programs or routines are free of Viruses or Malware. Notwithstanding any other limitations in this Agreement, BlueFletch agrees to notify Licensee immediately upon discovery of any Viruses or Malware that are or may be included in Licensed Program that have been issued or delivered by BlueFletch. If Viruses or Malware are discovered or reasonably suspected to be present in the Licensed Program, BlueFletch agrees to take action immediately, at BlueFletch's own expense, to identify and eradicate (or to equip Licensee to identify and eradicate at no cost to Licensee) such Viruses or Malware and carry out any recovery necessary to remedy any impact of such Viruses or Malware at no cost to Licensee.

Remedies

If BlueFletch or a Licensed Program at any time fails to fulfill or is not in compliance with one or more of the warranties set forth in this Agreement, then Licensee may inform BlueFletch in writing and provide to BlueFletch such information and materials as BlueFletch may reasonably request to document and reproduce such noncompliance. Such information may include, if and to the extent applicable, a written explanation of the problem with the software or other noncompliance, a written description of the operating environment and (if permitted) a copy of any software program used with the Licensed Program. Within fifteen (15) business days following the receipt of such information and materials, BlueFletch shall modify the appropriate Licensed Program or replace the appropriate Licensed Program with other software offering comparable functionality, in each case as may be necessary to cause BlueFletch and the Licensed Program to fulfill and be in compliance with the warranties set forth in this Section.

Providing Warranty Service

In addition to the foregoing, during any Covered Period the following shall apply:

Critical Defects

In the event of a Critical Defect, Licensee shall identify such Critical Defect to BlueFletch either orally or in writing and, within eight (8) hours thereafter, BlueFletch shall commence diligent efforts to fix, repair, or create a work around for the Critical Defect. Licensee shall make available to BlueFletch a listing of output and such other data which BlueFletch reasonably may request in order to reproduce operating conditions similar to those present when the error, defect or nonconformity was discovered, and BlueFletch shall make every effort to fix, repair, or create a work around for the Critical Defect within twenty four (24) hours of the notice of defect from Licensee. If BlueFletch fails to deliver a remedy or work-around to Licensee for any Critical Defect within forty-eight (48) hours of the notice from Licensee of such defect, Licensee shall be entitled to a credit equivalent to one (1) month of licensing of the Licensed Program for each additional twenty-four (24) hour period during which any such Critical Defect remains unresolved.

Non-critical Defects

Non-critical Defects shall be corrected by the earlier of: (i) the date of the next release with respect to the Licensed Program if the next release is more than forty five (45) days after the date BlueFletch receives notification of the Non-critical Defect; (ii) the date of the following release with respect to the Licensed Program if the next release is forty five (45) days or less after the date BlueFletch receives notification of the Non-critical Defect; or (iii) one hundred and twenty five (125) days after the date BlueFletch receives notification of the Non-critical Defect.

For all Non-critical Defects, Licensee shall make available to BlueFletch a listing of output and such other data which BlueFletch reasonably may request in order to reproduce operating conditions similar to those present when the error, defect, or nonconformity was discovered. Should a defect be deemed to not be a defect in the Licensed Program but rather the result of an action, inaction, or other change by the Licensee ("Issue"), then, if the Licensee has no remaining Support Hours available, then Licensee shall be invoiced by BlueFletch for any associated costs and expenses incurred by BlueFletch in providing support to help resolve the Issue. In each case, BlueFletch shall demonstrate good faith and diligent prosecution of such corrective measures.

If BlueFletch fails to remedy any Non-critical Defect within the applicable time-period specified above, Licensee may be entitled to one (1) additional month of licensing of the Licensed Program.

Correction Procedures

The correction of any defect shall be implemented through a reasonable fix consisting of sufficient programming and/or operating instructions to implement the correction. Following completion of the correction of any Critical

Defect or Non-critical Defect, BlueFletch shall include the correction in all subsequent updates and Releases of the Licensed Program.
